Joint announcement by dentists Dr John Camacho, Dr Arthur Walsh, Dr Philip Makepeace

Smiles Inclusive Limited – 2020 EGM Treasure Trove Of Truth - www.page33.com

Dr Makepeace said: “We invite the Australian public to visit our new Smiles website www.page33.com. Smiles Directors have failed to lodge the official EGM Notice of Meeting with the ASX. There are very serious reasons why Smiles has tried to side step the ASX and Smiles shareholders. A copy of the official EGM Notice of Meeting, along with a ‘treasure trove of truth’, behind the scenes insights, are now available on the new website www.page33.com.”

Dr Walsh said: “Why has Mr Usasz stated on his EGM CV to Smiles shareholders that he was appointed a Director of Smiles only 10 months ago, November 2019? Mr Usasz’s own ever changing LinkedIn profile stated that Mr Usasz started Smiles in February 2017. Furthermore, ASIC records confirm Mr Usasz became a Director of Smiles in August 2017 - not November 2019. So why has Mr Usasz attempted to hide his extensive ill-fated Smiles track record from Smiles shareholders? And why does Mr Usasz now claim that he is the ‘new’ Chairman of Smiles?”

Dr Camacho said: “How does Mr Fuller account for \$200K belonging to Smiles that was paid into his own personal bank account, on his instructions, by Queensland Government? On what basis was Mr Fuller subsequently appointed a Director of Smiles by Mr Usasz only a few months later? Mr Fuller was appointed a Director despite non-disclosure of his significant job with Queensland Health and material under-performance as a Smiles JVP. We invite Mr Fuller and Mr Usasz to issue a public response, not to duck a very serious issue.”

Dr Makepeace added: “On what basis does Ms Aquilina believe it is okay for her to appoint her own lawyer to investigate serious allegations made against herself? Serious allegations were filed in accordance with Smiles whistle blower policy. On what basis is it okay for Ms Aquilina to then sanction back dating changes to Smiles whistle blower policy after a complaint has been filed against her?”

Dr Walsh added: “We invite Mr Evans to publicly explain to Smiles shareholders Mr Tim Crommelin’s behind the scenes activities, namely the attempt to recruit opposition Director candidates in the weeks prior to the last Smiles EGM. Lastly, why has Mr Evans, just like Mr Usasz, decided to fudge his EGM CV and why did he approve the appointment of Mr Fuller as a Director of Smiles?”
